DELHI TECHNOLOGICAL UNIVERSITY

About Us

We are a team of enthusiastic individuals striving to change society by aiming to bridge the gap between theoretical knowledge and practical applications of contemporary ideas. E-Cell DTU acts as an outlet for entrepreneurial thought processes, zeal and energy in order to transform ordinary minds into dynamic young individuals.

Under the Guidance of Faculty Advisors, Mr. Anup Mandpura and Mr. Sanjay Patidar, The team at E Cell DTU has been able to put their best foot forward and instil the required entrepreneurial mindset in the youth by organising multiple Events.

Execute 2.0 : Hackathon

Execute Hackathon is one of the events conducted yearly by E CELL DTU which finds a special place in the heart of coders all over India.

Hackathon was conducted to provide ground for all coding enthusiasts to showcase their skills by using cutting-edge modern technologies.

It was a 36-hour-long event conducted in a hybrid mode. The theme and problem statements are released at the start of the event: "To build solutions for the small scaled business owners".

The first proof of idea was submitted by the participants followed by the mentorship sessions.

Mini - Games were introduced at the night to keep the participants engaged.

Final Submissions with pitching in front of the jury were done. The top 10 Participants were allowed to pitch their ideas for 5-6 minutes followed by an extensive Question-Answer round by the Judges to understand the ideas deeply.

The participants were marked on the basis of their Business Feasibility, Product Market Fit, Sustainability, Need etc.

The judges for the event included:

- Manmeet Dhooody {CTO at PayTm Payments}
- Vikram Gupta {CTO at SnapDeal}
- Pankaj Kankar {CTPO at Reliance Retail}
- Sanket Atal {SVP at Salesforce}
- Subhash Chaudhary {CTO at Dukaan}
- Sandeep Goyal {Eng. India Lead at Microsoft}
- Chinmay Jain {CTO at WLPayments}
- Aditya Kapoor {CDA at SAP}

Talk Show by Ashneer Grover

The Orientation of the incoming Batch of 2022 was conducted clubbed with an engrossing fireside talk show with the man himself- Mr Ashneer Grover. His Experience in the domain of the FinTech Industry enabled the audience to gain insights on how they can take their initial steps towards building a great product. His views on how students can bridge the gap between technical and real-world problems were the show stealers. The enthusiasm and interesting questions of students at DTU left the man himself awful at the talent at DTU.

Business Plan Competition

The Annual Business Plan Competition organised by Entrepreneurship Cell, Delhi Technological University is an ideal showcase event that is intended to provide college entrepreneurs with real-world experience in order to fine-tune their business plans and elevator pitches to generate funding to successfully commercialize their products.

In this two-part event taking off from the screening round to the final pitching, the team that shows the most commitment and puts in the most effort is picked by the jury of business professionals to make it to the top three and learn thrilling cash prizes from a pool of INR 1 Lakhs.

Entrepreneurship Cell

DELHI TECHNOLOGICAL UNIVERSITY

Based Upon the problem statements, the participants presented some viable solutions aimed to curb the air pollution of Delhi/NCR.

The jury included:

- Anil Chopra, Trustee & Founder, Wingify
- Nipun Kaushik, Director of Ops & Partnerships, Eco Roots Foundation
- Jenender Anand, COO, LML

The teams were assessed based on multiple criteria, including the originality and feasibility of their business ideas, the strength of their business model, the quality of their presentation skills, and the relevance of their idea to the market

Startup Weekend

Techstars Startup Weekend was a three-day weekend instated to foster the spirit of entrepreneurship among people all around the world. It aims to bridge the gap between ideas and the realization of the venture. On this 54-hour long weekend event, a group of startup enthusiasts, energetic developers, aesthetic designers, and hopping marketers come together and pitch their startup ideas in front of others and work to develop a prototype of their ideas to present in front of esteemed judges.

The event kick-starts with entrepreneurs pitching their ideas in front of others. Outstanding ideas make it to the top 16 and the "No Talk, All Action" begins!

Day 2 is the mentor session where top industrialists from various fields scrutinize the ideas of every team and guide them through 'thick and thin' and help the teams mould their blueprint of success. After 54 hours of diligent work, contestants enter the final lap where they gear up to present their final ideas before an esteemed panel of judges, and after a long informative questioning session, results are finally announced.
